Ostertag to Visit Europe, Middle East

Washington — (GNS) — Rep.

Harold C. Ostertag (R-NY) of Attica will go to Europe and the Middle East about the middle of next month for a one-man check on U. S. military operations and the military assistance program.

Ostertag will represent the House Appropriations Committee as a member of the committee's armed services subcommittee. He said yesterday.

"I feel this trip is vital to the work of this committee, where we consider billions of dollars of expenditures each year. Many of our military activities abroad have been subjected to criticism. I feel the more I can see and learn, the better I can do the job."

Ostertag already has been in consultation with Allen Dulles, chief of the Central Intelligence Agency, "reviewing general world conditions, with a view to his staff giving me all possible assistance," he said.
